

Unless certified to UL1738 or ULC-S636 Venting Systems Safety Standards, plastic pipe and fittings used as a flue gas venting system are NOT WARRANTIED. If your plastic vent system is ONLY certified to ASTM standards as a plumbing product and is used for purposes other than it's INTENDED, INSTRUCTED or certified purpose, there is NO WARRANTY.

The following are excerpts and links from various plastic pipe and fitting manufacturer's warranties:

Except as otherwise mandated by law or herein provided, Spears® Manufacturing Company ("Company") warrants Standard Catalog Products ("Products") which have been directly manufactured by them to be free from defects in material and workmanship for as long as the original intended end user of the Products ("End User") retains ownership and possession of the Products and complies with this Warranty ("Warranty Period"). Each other person or entity acquiring or employing the Products, including buyers, contractors and installers ("Buyer") and End Users ("Buyer/End User") agrees that this Warranty shall be effective only during the Warranty Period so long as the Products are used solely for the normal purposes for which they are intended and in conformance with industry established standards, engineering, installation, operating, and maintenance specifications, recommendations and instructions including explicit instructions by the Company; the Products are properly installed, operated and used, and have not been modified; and all the other terms of this Warranty are complied with. Any violation thereof shall void this Warranty and relieve Company from all obligations arising from this Warranty and the Products.
