DVI Extreme Weather Kit

DVI Decorative Kit

DVI Low Profile Kit

For Co-Linear Venting of Gas Fireplaces or Inserts

Applications

Direct Vent Kits (DVI) are used to co-linearly vent natural or propane gas fired direct vent fireplaces or inserts certified to ANSI Z21.88/CSA 2.33 standards.

Construction

Co-Linear Aluminum Flex with Triple Lock Seams:

Flex vents flue gases to outdoors, or supplies combustion air from outdoors.

Please visit [GA DVI DVK Submittal](#) for additional information.
